

Impact

Heavy Duty

Extreme protection & superior grip for unpredictable emergency response situations

ActivArm® gloves from Ansell are engineered for the extremes of the real world.

The new ActivArm® Rescue Extrication Gloves help you do your job by increasing grip and providing best-available hand protection from shattered windshield glass, sharp mangled metal, tight confined space and hazardous liquids and blood.

No matter how demanding the situation, best in-class ActivArm® products get the toughest tasks done with confidence.

Industries

- Mining
- Oil and gas

Applications

- Pipe handling
- Scaffolding
- Drilling and Blasting
- Hydraulic set and testing
- Loading and hauling
- Crushing and unloading ore
- Rescue extraction from confined spaces
- Engagement and release of drill string slips
- Installation and dismantling of rigs
- Makeup and breakout tools
- General pumping work
- Preparation of site - set-up and disassembly of tool string
- Set-up of pressure manifold and tubing injector head
- Preparation of site - unloading of lines and valves
- Handling iron

Key Features

Unlike ordinary impact gloves that provide partial cut protection coverage, leaving you exposed, ActivArmr 46-551 is double layered glove with seamless Kevlar & Ansell INTERCEPT cut resistant technology liner protecting the whole-hand even on the back, wrist and between the fingers

Debris-Excluding Gaiter Cuff can be rolled back and worn as a gauntlet if desired

HiViz™ Yellow Color lets others see where your hands are in low light conditions and confined spaces to avoid accidents

Performance Standards & Regulatory Compliance

REACH Compliant
